## New Fiction CONISTON BY WINSTON CHURCHILL

Mr. Churchill is the most popular novelist in the U. S. at the present time, according to the reports of the best selling books gathered by THE BOOKMAN. His forthcoming book does not belong to the series dealing with American history, in which "Richard Carvel" and "The Crisis" and "The Crossing" have appeared, but is a love story of no less engrossing kind. Enjoyable as Mr. Churchill's books are, considered merely as fiction, they are quite as noteworthy on account of their picture of life, their interesting side lights on history and their attractive characters. Always written with spirit and vigor, they deal with people, adventures and scenes that deeply interest the average man and woman.

Are you Suffering With Catarrh?

The first stage of catarrh is caused by taking cold. Most people pay little attention to a cold. In a little while a case of catarrh is the result. Catarrh is a local disease, caused by an inflammation of the mucous membrane of the nasal and other passages. The nasal passages being most exposed to the changes of the weather are the first to become affected. Each cold taken aggravates the disease, and it will be noticed that colds are taken much more easily as the disease progresses. Soon the accumulation of mucus begins to drop into the throat, then on down into the lungs, precipitating both with the disease. If proper medicines are applied there is no reason why catarrh cannot be cured.
